www.constructiondieselequipment.com.au

The GR2405Tpro is a heavy-duty grader built for serious roadwork, big civil projects and contractors who need strong blade control, reliable power and a grader that can handle long shifts without blinking. With a solid frame, a powerful Cummins engine and excellent visibility, it's built for trimming, cutting, shaping and pushing through harsh Australian ground conditions.

KEY PERFORMANCE SPECS

Engine:	Cummins — 200-240 hp
Operating Weight:	17,500 kg
Size:	(without ripper) 9333 × 2625 × 3472 mm

ADDITIONAL SPECS

Blade Length:	3660 / 3965 / 4270 mm
Emission Standard:	Stage III

KEY BENEFITS

- Strong horsepower for demanding civil and roadwork jobs
- Excellent blade control for accurate finishing
- Heavy, stable build for tough ground and long cuts
- Reliable Cummins engine with solid torque
- Good cab visibility for precise trimming
- Easy access to major service points
- Supported nationwide by CDE

BEST SUITED FOR

- Major civil construction
- Road building and maintenance
- Subdivision and infrastructure work
- Long cuts, shaping and finishing
- Bulk site preparation
- Councils, contractors and large project crews

WHAT CREWS LIKE ABOUT IT

- Strong power for heavy roadwork
- Stable machine with confident blade control
- Good operator comfort for long days
- Accurate trimming and shaping
- Handles rough, variable ground well
- Straightforward controls
- Reliable engine and cooling performance
